Philosophy Tree

This philosophy tree is a representation of my personal belief system in the form of language. My core belief is this sentence:

"It is the perspective of the Sovereign Integral that all life is pure love in its fullest expression, and that in this single concept, all life is conceived and forever exists."

—WingMakers, Chamber 1 Philosophy

Growing up in this lifetime I was raised Methodist, but became agnostic after I learned Santa Claus wasn't real. The Bible says God created Adam 6,000 years ago, and I was learning in school that Homo Sapiens evolved from primates 315,000 years ago. Religion seemed unrealistic and illogical.

I then had a spiritual awakening and began asking questions. I started looking for information online. I knew God was real after I read *Heaven and Hell* by Swedenborg. I accepted the reality of reincarnation after reading *Proof of Heaven* by Dr. Eben Alexander and acknowledging Hinduism and Buddhism.

This philosophy tree also represents my spiritual journey as a wayshower, paving a pathway through the genetic mind from agnosticism to the WingMakers. My spiritual journey can be broadly defined as this:

V IV III II I
Mainstream Philosophies —> NDEs —> Lightworker-Starseed —> Contact —> WingMakers

I offer this philosophy tree online as a potential resource for fellow lightworker-starseeds looking for truth. I feel psychically connected to these texts through the genetic mind, and rely on them as a part of my ongoing spiritual journey. If I had to select the 5 most important philosophies to me, I would rank them:

- 1) WingMakers Philosophy (Chamber 1 Philosophy, Chamber 2 Philosophy, Philosophy Glossary; www.wingmakers.com Internet Archive Wayback Machine save, January 25th, 1999)
- 2) *Unveiled Mysteries* by Godfré Ray King
- 3) *Heaven and Hell* by Emanuel Swedenborg
- 4) *Tao Te Ching* by Laozi
- 5) *Proof of Heaven* by Dr. Eben Alexander

As my daily spiritual practice, I meditate 1 hour, read a verse of the *Tao Te Ching*, and read a portion of the WingMakers Philosophy. I also read the theological works of Swedenborg quite often—I resonate deeply with Jesus Christ's teachings and with Swedenborg's insight.

Note: The information in *The Crystal Stair* and *Bringers of the Dawn* (among other sources) pertaining to planetary liberation is correct, it is just that time-frames were delayed due to the Great Forgetting of 1996:

We are in the process of strategically neutralizing all cosmic evil (effective negative free will within physicality), and timing is never set in stone. In fact, this was all a part of the plan if you contextualize the timing of the introduction of the WingMakers time capsules to earth humanity.

Those who perpetuated "evil" ("live" spelled backwards) will regret everything because they will have to feel (karmic math) what they did when they are held accountable and also when the black technology they sold out to is inverted and neutralized:

"Having decoded most of the text contained on the optical disc, we have concluded that if their intentions are hostile, WingMakers could, at their complete discretion, time-travel to any of our military installations and deliver a fatal blow to national security."

—Project Overview Memo

"The odd thing is, however, that [the WingMakers] could be visiting us every day and then re-writing history so we forget their visit."
